

June - July 2019

We're now halfway through the year and there has been lots of great work going on.

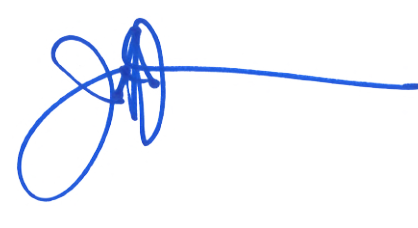

Safety wise, we're continuing to make excellent progress. We've set another 30% reduction target for the year (on the back of last year's excellent safety performance) and have already reduced our TRIFR (Total Reportable Injury Frequency Rate) to 14.8, down from 49.3 this time last year. Since 31 March, we have reduced our TRIFR by an encouraging 18%.

While not picking up the award, I was really thrilled to be named as a finalist for the Health & Safety Executive of the Year at the New Zealand Safeguard Health & Safety awards. It was a great night and amazing to see all of the initiatives that are taking place in safety and wellbeing across such a wide range of businesses. We've made incredible progress ourselves, so I'd like to thank the whole Treescape® team for committing to make real and positive change in how we approach safety and wellbeing.

There's a piece on Green Asset Management, what it is and why it matters, and some great examples of stewardship (kaitiakitanga) with our teams in Canberra and Waiheke, where we have gone above and beyond to protect our natural wildlife.

We're continuing to do great things in our community, and it was great to see some of our Auckland team seeking out arborists of the future at the Manurewa High School Careers day, as well as a huge team of Treescapers (from Operations and the Head Office) assisting Vector and 2 other companies to plant 15,000 plants and trees at Totara Park in Manurewa. All just part of helping to foster a better, greener world for future generations.

Enjoy

James Fletcher,
Treescape® CEO

Health & Safety

H&S Award Finalist

Health and safety (and wellbeing) is at the forefront of everything we do. We're proud to announce our CEO James Fletcher has been named a finalist in the *Business Leaders Health & Safety Forum Leader of the Year* at the Safeguard Awards.

Our People

Manurewa Career Day

We welcome people with great attitude and desire to build a career in arboriculture! A big "Thank You" to Chelsea Robertson (Scoper), Ben Worth (Scoper) and Dean Collins (Arborist) for representing Treescape® at the recent Manurewa High School Careers Day.

Partnership

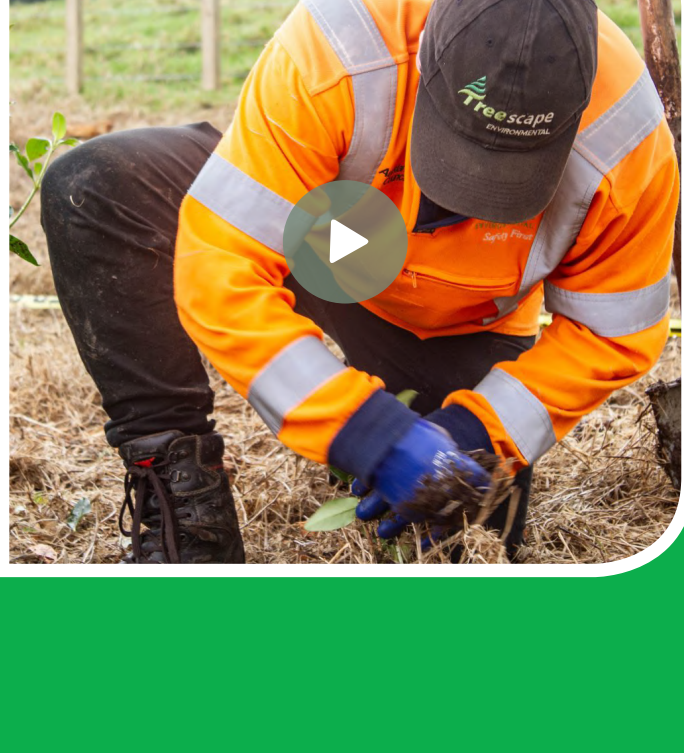

Vector Planting Day

200 employees, 4 businesses, and 15,000 trees...

Members of Treescape®'s Environmental Crew were thrilled to spend the day at Manurewa's Totara Park, planting trees as part of the Urban Forest promise initiated by our business partner Vector.

Take a look at what the team achieved!
